

27. Timothy Lenoir

Name	Timothy Lenoir
Professional Occupation	Professor of History
Institution	Duke University
Website	http://jenkins.duke.edu/tim.php http://jenkins.duke.edu/publications.php
Short Description	Tim Lenoir is the Kimberly J. Jenkins Chair for New Technologies in Society at Duke University. He has published several books and articles on the history of biomedical science from the nineteenth century to the present. His more recent work has focused on the introduction of computers into biomedical research from the early 1960s to the present, particularly the development of computer graphics, medical visualization technology, the development of virtual reality and its applications in surgery and other fields. Lenoir has also been engaged in constructing online digital libraries for a number of projects, including an archive on the history of Silicon Valley.
Education	Ph.D.
Major Fields	The history of biomedical science
Major Publications	Makeover: Writing the Body into the Posthuman Technoscape (2002)
